See page 29 for details whilst at the BIC.
DEAR COLLEAGUES

It is our great pleasure to welcome you to Bournemouth and to the Annual Meeting of the Association of Coloproctology for Great Britain and Ireland (ACPGBI). We have a fantastic programme for you over the next few days. Although we will be very focussed on this stimulating programme we also want the atmosphere to be relaxed, with suits and ties being swapped for slacks and a shirt. Cowboy hats and comfortable shoes are encouraged for Tuesday evening’s summer social event in the Bournemouth Pavilion Ballroom, an informal night of BBQ food, where “Strait Lines” will be showing us how to line dance.

The Programme Committee have joined together with friends and colleagues from Scandinavia to bring their approach to common problems. Søren Laurberg will be giving the Lars Pålman Keynote Lecture on Teaching, Training, Trials, Torsten Olbers will be speaking about “Complications and Outcomes of Colorectal Surgery in Obese Patients” and there are many more interesting topics.

We would like to thank all of our sponsors and exhibitors for taking part this year. Without their involvement, this meeting would not have been possible. We ask you to support their investment by taking time to visit all stands in the exhibition in the Windsor Hall. Our particular thanks go to our major Platinum Sponsors, Medtronic and Gold Sponsors Ethicon, Intuitive Surgical, Stryker and THD, each of whom all have satellite symposia within the programme on interesting and relevant topics. Our Silver Sponsors Cook Medical have been involved in sponsoring a session within the ACPGBI programme.

So whether you are here for one, two or three days, we wish you all a successful meeting and an enjoyable experience here in Bournemouth.

Peter Dawson
President

Peter Sagar
Honorary Secretary

James Hill
President Elect

| 15:30 – 16:00 Small Hall       | **THD Satellite Symposium**  
- Laparoscopic parastomal hernia repair - a difficult problem with a novel solution - Ajai Samad (UK)                                                                                       |
| 16:00 – 17:30 Solent Hall      | **Symposium: Inflammatory Bowel Disease Symposium on Pouch Surgery**  
*Chairs: Steven Brown (UK), Omar Faiz (UK)*  
- Debate on relative merits of ileoanal pouch, ileorectal anastomosis and Kock pouch – Pär Myrelid (Sweden), Per Nilsson (Sweden), Tom Øresland (Norway) 16:00 – 17:00  
- Technical tips and tricks in pouch surgery – Richard Guy (UK) 17:00 – 17:15  
- 2017 IA 60th anniversary ileoanal pouch report – Omar Faiz (UK) 17:15 – 17:30                                                                 |
| 16:00 – 17:30 Bayview Suite    | **Association of Coloproctology Nurses’ Symposium**  
- Montgomery ruling – for anyone in the consent process – Lucy Fulford-Smith (UK), Ashok Handa (UK) 16:00 - 17:25  
- Close – Jay Bradbury (UK)                                                                                                                                         |
| 16:00 – 18:00 Tregonwell Hall  | **Video Session**  
*Chairs: Tim Cook (UK), Jonathan Morton (UK)*  
- V1: Standardization and anatomical precision in laparoscopic and robotic total mesorectal excision for rectal cancer – Najaf Siddiqi (UK) 16:00 – 16:15  
- V2: Use of single GelPort and monopolar hook diathermy in a laparoscopic low anterior resection – Oroog Ali (UK) 16:15 – 16:30  
- V3: Laparoscopic en bloc total mesorectal excision post chemoradiotherapy – Sofoklis Panteleimonitis (UK) 16:30 – 16:45  
- V4: Laparoscopic colorectal surgery in the presence of bowel obstruction – appropriate selection is the key – Mahmoud Abdeldayem (UK) 16:45 – 17:00  
- V5: Tips and tricks of rectal anastomosis – Mahmoud Abdeldayem (UK) 17:00 – 17:15  
- V6: Tailor made robotic abdominoperineal resection with the da Vinci Xi for a re-growth of rectal tumour after complete clinical response – Sofoklis Pantsuleimonitis (UK) 17:15 – 17:30  
- V7: Perineal repair of perineal hernia after extralevator abdominoperineal excision of the rectum – Melissa Oliveira-Cunha (UK) 17:30 – 17:45  
- V8: Fissurectomy with partial internal sphincterotomy and mucosal advancement for chronic anal fissure with stenosis – Yuksel Altinel (USA) 17:45 – 18:00                                                                 |
| 17:30 – 18:00 Solent Hall      | **Keynote Lecture: Abdominal Wall Reconstruction**  
*Chair: Dermot Burke (UK)*  
*Speaker: Hugh Gallagher (UK)*                                                                                                                                 |
| 18:00 – 19:30 Windsor Hall     | **ACPGBI Welcome Reception**                                                                                                                                                                             |
| 18:00                           | **BDRF Fun Run**  
To sign up for the run, please visit BDRF in the Exhibition Hall at stand 6.                                                                                                                      |

</table>
### Colorectal Cancer Papers

**Chairs:** Michael Davies (UK), Ismail Gögenur (Denmark)

- **O7:** The immune infiltrate in anal SCC: prediction and therapeutic applications – G Guerra (UK) 11:00 – 11:10
- **O8:** Impact of surgeon specific outcome reporting in colorectal cancer surgery in England – Abigail Vallance (UK) 11:10 – 11:20
- **O9:** Decision making for malignant colorectal polyps – do we get it right? – V Sharma (UK) 11:20 – 11:30
- **O10:** Earlier age of presentation of colorectal cancer – Laila Cunin (UK) 11:30 – 11:40
- **O11:** A comparison of the diagnostic accuracy of NICE guideline NG12 on lower gastrointestinal tract cancer with faecal haemoglobin concentration in patients with lower abdominal symptoms – Aaron Quyn (UK) 11:40 – 11:50
- **O12:** Health-related quality of life and functional outcomes following curative treatments for rectal cancer – Amy Downing (UK) 11:50 – 12:00
- **O13:** Chemoradiation and local excision for T2N0 rectal cancer offers equivalent overall survival compared to standard resection: a National Cancer Database analysis – Lawrence Lee (USA) 12:00 – 12:10
- **O14:** Oncological outcomes after salvage surgery for local re-growth following ‘watch and wait’ after clinical complete response to chemo-radiotherapy in rectal cancer – Lee Malcomson (UK) 12:10 – 12:20
- **O15:** The ‘Bowel Bus’ – A year on – Samrait Basrai (UK) 12:20 – 12:30
- **O16:** Quantifying the increased demand on 2-week-wait colorectal cancer pathways due to the updated NICE referral guidance for suspected cancer – Shengyang Qiu (UK) 12:30 – 12:40
- **O17:** MRI nodal staging is not an indication for neoadjuvant radiotherapy for rectal cancer – Gerald David (UK) 12:40 – 12:50
- **O18:** Does neoadjuvant chemoradiotherapy affect short term clinical outcomes in patients with rectal cancer? A propensity score matched study from two European centres – Sofoklis Panteleimonitis (UK) 12:50 – 13:00

### The Dukes’ Club - Interactive Session

**Chairs:** Henry Ferguson (UK), Jenni Grainger (UK), Steve Ward (UK)

**Debate:** EBSQ: Janindra Warusavitarne (UK) vs FRCS: Neil Mortensen (UK)

**Interactive:** Interactive discussions:
- a) Malignant polyps: SPECC – Brendan Moran (UK)
- b) Off stage: human factors: – Amir Darakhshan (UK)

### Medtronic Satellite Symposium - Surgery In The Eye Of The Storm

**Chair:** Steven Brown (UK)

- The curious incident of a lady on a tandem - Jared Torkington (UK)
- When it's ‘One in a Million’, surgery at the end of the road - Tom Cecil (UK)
- Prepare to expect the unexpected - Commander Antony Lambert (UK)
- Closing remarks

*A boxed lunch will be available*

</table>
| 08:30 – 10:00 Solent Hall | Pelvic Floor Plenary  
**Chairs:** Søren Laurberg *(Denmark)*, Asha Senapati *(UK)*  
- Surgery for rectal prolapse – Steven Brown *(UK)* 08:30 – 09:00  
- Bowel function after laparoscopic posterior sutured rectopexy versus ventral mesh rectopexy for rectal prolapse a double blind, randomised single-centre study – Lilli Lundby *(Denmark)* 09:00 – 09:30  
- Discussion – Steven Brown *(UK)*, Lilli Lundby *(Denmark)* 09:30 – 10:00 |
| 08:30 – 10:00 Bayview Suite | So You Think You Know About Oncology?  
**Organised by:** Harpreet Wasan, *(UK)* Oncology Representative on ACPGBI Council  
"The treatment of rectal cancer has evolved with the majority of patients receiving neo-adjuvant or adjuvant treatments – do we now definitely know the patients not too offer adjunct therapies, which have significant short and long term impacts, on both function and quality of life of the patients?  
This, in the context of optimizing local control rates and overall survival of patients will be discussed in this session, as well as understanding clinical and molecular prognostic and predictive factors which are increasingly influencing treatment options"  
- Opening remarks – Harpreet Wasan *(UK)*  
- Who I wouldn’t give pre-op (or post-op RT) in rectal cancer to – Maria Hawkins *(UK)*  
- Updates on the molecular e prog nostics and predictives in CRC – Harpreet Wasan *(UK)*  
- Q&A panel discussion with questions |
| 08:30 – 10:30 Tregonwell Hall | Delphi-on-Sea: Research Session on Gastrointestinal Recovery  
**Chairs:** Simon Bach *(UK)*, Nicola Fearnhead *(UK)*, Deena Harji *(UK)* and Matthew Lee *(UK)* |
| 10:00 – 10:30 Windsor Hall | Coffee Break in the Exhibition Hall |
| 10:30 – 11:00 Solent Hall | Keynote Lecture: Sacral Nerve Stimulation (SNS) – Is it All in the Brain?  
**Chair:** Andrew Williams *(UK)* Chair of The Pelvic Floor Society  
**Speaker:** Peter Christensen *(Denmark)*  
*Please download the conference app before attending the session. Search for ACPGBI in the Google App/Play Store* |
### Advanced and Complex Cancer Symposium

**Chairs**: Simon Bach (UK), Tom Cecil (UK), Harpreet Wasan (UK) ACPGBI Oncology Representative

- Should the primary tumour be resected in patients with unresectable metastatic colorectal cancer? – Miriam Koopman (Netherlands) 11:00 – 11:15
- Optimising decision-making and timing of surgical procedures in liver-limited stage IV cancer – Stephen Fenwick (UK) 11:15 – 11:30
- Managing peritoneal metastases – the role of cytoreductive surgery & HIPEC – Vic Verwaal (Denmark) 11:30 – 11:45
- **Panel discussion**: Stephen Fenwick (UK), Miriam Koopman (Netherlands), Vic Verwaal (Denmark) 11:45 – 11:55
- Optimising clear resection margins: surgical approaches to locally advanced primary rectal cancer – Torbjörn Holm (Sweden) 11:55 – 12:10
- Directions of travel in exenterative surgery for advanced rectal cancer – Paris Tekkis (UK) 12:10 – 12:25
- Surgery for recurrent rectal cancer – the role of the complex cancer clinic – Ian Jenkins (UK) 12:25 – 12:40
- **Panel discussion**: Torbjörn Holm (Sweden), Ian Jenkins (UK), Paris Tekkis (UK) 12:40 – 12:50
- ACPGBI IMPACT initiative in advanced colorectal cancer – Nicola Fearnhead (UK) Chair of ACPGBI Research & Audit Committee with Deena Harji (UK) and Abigail Vallance (UK) 12:50 – 13:00

### Pelvic Floor Papers

**Chairs**: Mark Mercer-Jones (UK), Karen Telford (UK)

- **O37**: Successful treatment of passive faecal incontinence in an animal model using engineered bioSphincters: a 12 month follow-up study – Jaime Bohl (UK) 11:00 – 11:10
- **O39**: Anal acoustic reflectometry (AAR): the effect of a rectal balloon catheter on the measurement parameters – Nick Heywood (UK) 11:20 – 11:30
- **O40**: Too many cases of anal incontinence (AI) from obstetric anal sphincter injuries (OASIS) are due to missed third and fourth degree tears – Michael Keighley (UK) 11:30 – 11:40
- **O41**: Surgical intervention in functional bowel disease. A single centre experience – Usman Khan (UK) 11:40 – 11:50
- **O42**: A single centre experience of a specialist nurse-run functional bowel clinic – Samrait Basrai (UK) 11:50 – 12:00
- **O43**: Are bowel transit studies more likely to be performed unnecessarily if requested by a non-specialist? – Jakub Chmelo (UK) 12:00 – 12:10
- **O44**: Dynamic graciloplasty (DGP) for faecal incontinence: long-term follow up – Rachel French (UK) 12:10 – 12:20
- **O45**: Can faecal calprotectin be used as a screening tool in patients with simple perianal abscesses to pick up asymptomatic Crohn’s’ disease? – Anil George (UK) 12:20 – 12:30
- **O46**: Multicenter prospective series of sacral nerve stimulation (SNS) for fecal incontinence in Latin America: initial report – Lucia Oliveira (Brazil) 12:30 – 12:40

SPEAKER FOCUS

In addition to invited keynote speakers, we are delighted this year to also give you details about a few other participants of note, who will take part in this year’s programme. We would also like to take this opportunity to thank all speakers and chairs for their contribution to such an exciting programme!

PROFESSOR PETER CHRISTENSEN

Professor Peter Christensen is a Consultant Surgeon in the Department of Surgery at Aarhus University Hospital. He became an internationally certified colorectal surgeon by EBSQ/Coloproctology in 2010 and completed his doctoral thesis on colonic irrigation for disordered defecation in 2009.

His main scientific interests are patient reported outcomes, app development for scientific purposes in health, faecal incontinence, sequelae following cancer treatment, pelvic floor rehabilitation, surgery for functional bowel problems and neurogenic bowel dysfunction. Peter has authored or co-authored 58 scientific papers (cit. 1,052, H-index: 20) published in international high-impact peer reviewed journals, including Gastroenterology (impact factor: 12,821), Annals of Surgery (impact factor 6.329), Diseases of the Colon & Rectum (impact factor 3,336) and British Journal of Surgery (impact factor 4,839). He is also the author of two book chapters in medical textbooks.

MRS CHRISTINE GAARDER

Christine Gaarder MD, PhD. is Consultant General and Trauma Surgeon as well as Head of Department of Traumatology at Oslo University Hospital Ullevål (OUH U). The department covers a population of 2.8 million and admits approximately 700 patients with ISS>15 per year. Christine completed her clinical trauma training in South Africa.

Christine founded the OUHU formal Trauma Service in 2005 where responsibilities include clinical, administrative, educational and quality improvement in trauma. She is Head of the Norwegian Surgical Society Committee on Trauma and is involved in the development and revision of the Norwegian trauma system. Christine also runs the national trauma and acute care surgery educational programs and is involved in international trauma surgical training. Christine is involved in running a broad trauma research program covering a wide range of trauma, clinical and epidemiological topics, as well as injury prevention. She is also one of the founders of INTRN, a multi-center research consortium currently running an EU-funded project, an Editorial board member of JTACS (Journal of Trauma and Acute Care Surgery) and co-editor TSACO (Trauma Surgery and Acute Care Open). Christine’s bibliography counts 56 pubmed indexed publications and she is a frequent presenter both at home and international meetings.
MR HUGH GALLAGHER

Mr Hugh Gallagher is the Clinical Director of General Surgery at the RVI Newcastle, where he specialises in laparoscopic colorectal trauma and abdominal wall reconstruction surgery. He has an active educational profile running national and international courses in laparoscopic colorectal trauma and abdominal reconstructive surgery. He has a very busy emergency practice confirmed by the NELA audit as performing the most laparotomies in Newcastle and at the Major Trauma Centre since its inception. While in Newcastle he has innovated in both the domains of laparoscopic colorectal surgery and complex abdominal wall surgery. Previously he trained extensively as one of the ALS recognized national mentors and contributed to the Lapco process.

He has also provided one of the RCS(Eng) sponsored laparoscopic rectal cancer surgery fellowships for the previous 7 years. Recent projects have included convening the world’s first biological reconstruction course, running triannual European hernia training courses, organising the BAPS approved national paediatric trauma training course and providing triannual adult ACTS cadaveric trauma courses.

PROFESSOR ISMAIL GÖGENUR

Professor Ismail Gögenur is a colorectal surgeon at the Department of Surgery at Zealand University Hospital since 2014. He is the chairman of the Scientific Committee of the Danish Colorectal Cancer Group and has served on the board of the Danish Colorectal Cancer Group since 2013. He is in the steering group of the Danish Comprehensive Cancer Center and a fellow at the American College of Surgeons since 2016.

Professor Gögenur has more than 200 peer reviewed publications. He has supervised 9 PhD students and more than 30 scholary students. He is author of six book chapters and has more than 150 national and international scientific talks. The major area of his research is surgical pathophysiology in the patient with colorectal cancer with focus on perioperative immunological interventions.
PROFESSOR SØREN LAURBERG

Professor Søren Laurberg trained in neurobiology and, after his basic surgical training, thought that he wanted to be a general surgeon. However, he read the famous book on Pelvic Floor Pathophysiology by Henry and Swash from the Physiology Unit at St Mark´s and was lucky to be able to work for six months at St Mark´s Physiology Unit. It was an enormous inspiration to see a hospital dedicated to colorectal disease with close collaboration between specialties in an international environment. Following this visit he founded and was Head of the Anorectal Physiology Unit in Aarhus while he finished his training to become a consultant there. Ever since, his main research interest has been in functional problems related to colorectal disease and in the last 10 years with a special focus on functional problems following treatment of bowel cancer. He was the initiator of a multidisciplinary pelvic floor unit at Aarhus University Hospital and creator of a multidisciplinary clinic for the treatment of pelvic organ sequelae.

Since that time, British and Irish colorectal surgery has had a key role for Søren and he has collaborated with many centres throughout the British Isles.

Søren was very much inspired by the American Society of Coloproctology (ASCRS) and was deeply involved in the formation of the ESCP where British surgeons have been key players.

PROFESSOR BRENDAN MORAN

Professor Brendan Moran has been a Consultant Colorectal Surgeon in Basingstoke since 1995. He qualified and trained in surgery in Ireland, Ghana and England. He obtained FRCSI in 1984, MCH, by Thesis in 1989 and FRCS (ad eundem) in 1995. He was awarded Honorary FRCSI in 2017 and is an Honorary Member of BASO.

His main interests are in surgery and staging rectal cancer, appendix tumours and peritoneal malignancy. He established the peritoneal malignancy programme in Basingstoke, now the largest in the world, and has expanded the department with six colorectal colleagues. He set up and delivered the English National TME/ MDT Development Program, The English LOREC Program and established, and is Lead Clinician in the English Significant Polyp Early Colorectal Cancer (SPECC) program.

He is an executive and founder member of PSOGI (Peritoneal Surface Oncology Group International).

He is immediate Past President for the Section of Coloproctology of the Royal Society of Medicine. He is also President in Waiting for ACPGBI (President 2018), and Honorary Professor of Surgery, National University of Singapore and Aarhus University Denmark.
MR THOMAS PINKNEY

Tom is a Senior Lecturer in the Academic Department of Surgery, University of Birmingham and an Honorary Consultant Colorectal Surgeon at University Hospitals Birmingham NHSFT.

He chairs the Cohort Studies and Audits subcommittee of the European Society of Coloproctology (ESCP) and has overseen the recruitment of over 10,000 colorectal procedures cumulatively into the 2015/2016/2017 international prospective audits run by this group.

In addition to his role as Clinical Director of the Birmingham Surgical Trials Consortium, he sits on the Research and Audit committee and IBD subcommittee of ACPGBI. He is NIHR CRN (West Midlands) Clinical Research Speciality Lead for Surgery and associate editor for Colorectal Disease journal. He has recently also become a member of the NIHR Health Technology Assessment (HTA) Clinical Evaluation and Trials Board.

Research interests are predominantly in clinical and translational research in inflammatory bowel disease and surgical site infection, as well as large-scale audits and cohort studies. As a founding member of the West Midlands Research Collaborative, he maintains a strong interest in the development and promotion of trainee-led clinical research in surgery.

MRS ALISON PROUDFOOT

With over 32 years’ experience in the NHS, Alison Proudfoot now works as a freelance consultant for the Point of Care Foundation.

As a key member of the national training and mentor programme for Schwartz Rounds across the UK and Ireland, Alison supports individuals and organisations to develop the tools to create an open, safe and compassionate culture.

She has held a number of leadership and management roles spanning primary and secondary care, and served on the Professional Executive in a Commissioning role for NHS North of Tyne, and the Management Board for the Royal College of Speech & Language Therapists.

With an interest in organisational culture and its influence on patient experience, safety and organisational outcomes, Alison is passionate about the need to support staff as an essential prerequisite to the delivery of safe, effective and compassionate care.
CONFERENCE INFORMATION

QUESTIONS DURING MEETING SESSIONS
The Chairperson(s) for each session will manage questions and advise you whether they are invited at the end of all presentations or after each speaker. In each hall, there are fixed microphones; please go to the nearest microphone and wait until you are called by the chair.

Variations will apply, including the Schwartz Round session on Monday after lunch, and the Delphi session on Wednesday morning.

WEBCASTING OF PRESENTATIONS
Sessions will be recorded and many of these may be added to the ACPGBI website.

BADGES AND TICKETS
Delegates are asked to wear name badges at all times during the conference.

ACCOMMODATION
If you have booked your hotel through the registration system and you need any assistance or advice about getting to your hotel, please contact us at the Enquiries Desk, located in the main foyer of the BIC.

SPEAKER / PRESENTATION CHECK IN INFORMATION
The Presentation Check-In room is located in the Westbourne Suite on the ground floor.

There will be technicians to assist you, and facilities to check your presentation and make any last-minute changes if you wish.

Presentation Check-in will be open at the following times:

<table>
<thead>
<tr>
<th>Day</th>
<th>Open from</th>
<th>Closed at</th>
</tr>
</thead>
<tbody>
<tr>
<td>Monday 3 July</td>
<td>07:00</td>

<td>07:00</td>
<td>17:00</td>
</tr>
<tr>
<td>Wednesday 5 July</td>
<td>07:30</td>
<td>14:30</td>
</tr>
</tbody>
</table>

ABSTRACT / POSTER INFORMATION
Abstracts will be published online only in a supplement to the Colorectal Disease Journal. Posters will be marked during the conference and a poster prize will be awarded to the best one.

Poster locations and access to set up/remove:
posters may be put up between 07:00 and 18:00 on Monday, 3 July. They must be on display by 18:00 on Monday. Posters must remain up until the close of the poster exhibition at 14:00 on Wednesday, 5 July. Posters not removed by 16:30 on Wednesday will be disposed of.

Please check-in at the Poster Check-In desk located near to the main registration desk in the main foyer. You will be given a ticket which confirms your poster location, along with a supply of velcro hook square to stick to your poster. The poster can then be fixed to the Velcro loop already on the poster board.
**BIC ACCESSIBILITY**

All areas are fully accessible via either lifts or ramps.

<table>
<thead>
<tr>

</table>

The main entrance offers level, step-free access to the main foyer via push-pad automatic double doors. From the main foyer, there is level or ramped access to the ticket office, Terrace Café, toilets, the Windsor Hall (ground level), the Solent Hall and a number of meeting rooms. There are two lifts situated in the main foyer which give access to the first floor. Assistance dogs are welcome.

**CUSTOMERS WITH A HEARING IMPAIRMENT**

A Sennheiser infra-red amplification system operates throughout the main halls and adjacent spaces, with the exception of the Purbeck Hall, to provide interference-free, audio assistance. Receivers and headsets are available from the security office next to the Bourne Lounge (poster area) at the top of the escalators (also accessible via the lift).

**CME**

Points have been awarded based on educational hours attended as follows:

**WIFI AT THE BIC**

To log in to the free WiFi at the BIC, please use the following details:

Username: **ACPGBI2017**  
Password: **Coloconference**
**PRECONGRESS COURSES**

**MONDAY 3RD JULY**

**Ultrasound Course**  
10:00 – 13:00 Purbeck Lounge

The Ultrasound Course is again kindly supported by BK Ultrasound. It takes place in the Purbeck Lounge (level 1) at the BIC. With faculty from St Thomas' Hospital, London. The session will include formal lectures followed by 'hand on' assessment of 3D data cubes on BK Ultrasound Consoles.

Coffee will be served (at 09.30) prior to the meeting and at the mid-course break.

Delegate lunch is included in the Exhibition Hall, courtesy of ACPGBI.

**MONDAY 3RD JULY**

**TEO Course**  
09:00 – 15:30 Tregonwell Seminar

- This course is currently sold out -

The TEO Course is run by Karl Storz and The Dukes' Club. This course is designed for trainee doctors only, preferably in specialty registrar grade ST3-ST8.

The course will take place in the Tregonwell Seminar (level 1) at the BIC. Coffee and lunch will be available to all TEO delegates as part of the TEO fee.

---

**Monday 3rd July**

ACPGBI Annual Conference  
Bournemouth

Join us for a scenic run along the beautiful coastline  
To register email:  
gsaffery@bdrf.org.uk

Free medal and T Shirt for each finisher
EVENING EVENTS

WELCOME RECEPTION AT THE BIC

MONDAY 3 JULY

Time: 18:00 – 19:30

Cost: Included for delegates, £30 for additional tickets

All delegates are invited to attend this event which is included in the registration fee. Additional tickets may be purchased at the registration desk. The event will take place in the exhibition area following the close of conference sessions.

Delegates are then free to make their own arrangements for dinner after the reception.

A list of recommended restaurants in Bournemouth can be obtained from the enquiries desk.

Badges for the Welcome Reception on Monday: all attendees are required to wear a name badge. Additional attendee tickets purchased online can be collected from the Enquiries/Registration Desk.

SUMMER SOCIAL EVENT

TUESDAY 4 JULY

Time: 19:30 - please be at the Pavilion promptly

Cost: £55 (includes dinner, dancing and wine)

You are invited to join the ACPGBI executive committee to enjoy a toe tapping, foot stomping fun filled evening of line dancing and music in the iconic Bournemouth Pavilion Ballroom. A buffet dinner and welcome drink are included in the ticket price. If you haven’t purchased a ticket but would like to join us at this splendid venue, please ask at Registration no later than Monday 3 July at 12:00. A few tickets may be available until this time.

Walking directions from BIC: exit the BIC and turn right onto Exeter Road. Cross the road to enter the gardens. Follow the path and veer to the right. You will see the Pavilion on your right-hand side and steps up to it on the west side of the building. Take these steps and walk to the main entrance on the north side.

Dietary requirements: if you have any dietary requirements that were not notified as part of your registration record, please advise a member of the registration team immediately.

Dress Code - Jeans, shirts and comfortable dancing shoes are essential, no stilettos are allowed.

Location:
Bournemouth Pavilion Ballroom
Westover Road
Bournemouth BH1 2BU
Tel: +44 (0) 1202 055 660
GENERAL INFORMATION

MEDICAL AND SAFETY INFORMATION
The emergency number to dial in the United Kingdom in the event that an ambulance is needed is 999.

FIRST AID AT THE BIC:
The BIC’s first aid room is situated on the ground floor next to the Avon Room, located on the left side of the rear main foyer. St. John’s Ambulance will be providing first aid cover during the event. If you or another delegate require their services, please either go directly to the Avon Room (if possible) or contact a BIC Steward (blue jacketed team members) who will make fast contact with St John’s Ambulance.

EMERGENCIES AND EVACUATION PROCEDURE:

BIC SAFETY PROCEDURES
In the event that an emergency situation arises, an announcement will be made into all areas (including auditoria) to advise that the building is being evacuated. Please leave by the nearest exit, leaving behind any belongings. BIC staff will be on hand to direct, please follow their instructions when given.

ASSEMBLY POINTS
The BIC operate two assembly areas in the event that an evacuation has been initiated:

Assembly Area A – situation opposite the Purbeck Hall on the West Cliff Path
Assembly Area B – next to Hot Rocks Restaurant, situation in front of the Pier

Under no circumstances should any persons re-enter the building until permission is given by either the emergency services or Duty Operations Manager.

HOSPITALS AND PHARMACIES NEAR TO THE BIC

THE NEAREST HOSPITAL TO THE BIC IS:
Nuffield Health Bournemouth Hospital
67 Lansdowne Road,
Bournemouth
BH1 1RW
Tel: +44 (0) 1202 912 980

THE NEAREST PHARMACY TO THE BIC IS:
Boots Pharmacy,
18-20 Commercial Road,
Bournemouth
BH2 5NL
Tel: +44 (0) 1202 551 713
Opening Hours: Monday - Saturday 09:00 - 18:00
Sunday: 10:30 - 16:30

ACPGBI MEMBERSHIP ENQUIRIES
Delegates can renew their membership via the ACPGBI website. If you are unsure about your current membership status, or have encountered any difficulty with the website, please contact the Secretariat directly at admin@acpgbi.org.uk

A current ACPGBI list of members will be available at the registration desk.

LOST PROPERTY
If you have lost anything at the BIC, please contact the registration team and we will try to assist. Should you find any lost property, please bring it to Registration.

DRESS CODE
The dress code for the conference is casual. Suits and ties are discouraged!
BOURNEMOUTH TRAVEL INFORMATION

GETTING TO THE BIC FROM BOURNEMOUTH TOWN CENTRE
Bournemouth is a relatively compact town and it is possible to walk from Bournemouth Train Station to the BIC in 25 minutes and the town has excellent bus network.

BUS
Bournemouth has an efficient bus service and most buses go to and from the town centre.

You can reach the BIC from the Train Station by buses: U5, B3 and M1. Tell the driver where you want to go and they will advise you where to exit the bus. You can reach the BIC from Bournemouth Square by bus X2.

The bus costs £2.40 single or £4.00 for a day ticket.

TAXI
Bournemouth offers a choice between black cabs, carrying up to 5 passengers, which can be hailed on the street, and minicabs, which must be pre-booked. Black cabs display an orange light above the windscreen to indicate that they are available to hire. It’s usually quite easy to find a cab in and around the town centre. There are also taxi ranks dotted around the town, where black cabs will line up to be hired. A 15 minute journey will cost from £10.00 dependent on the time of day and traffic conditions. Only a few taxis have facilities for credit/debit card transactions.

Streamline Taxis: 01202 37 37 37
United Taxis: 01202 55 66 77

CAR
A public multi storey carpark is located adjacent to the BIC with 650 spaces, including 17 accessible spaces on level 1.
**ACPGBI COMMITTEES**

**ACPGBI EXECUTIVE COMMITTEE**
